

Land for sale

For familial reasons, we have to sell the land. We are sad to see it go, but if you are interested, we are selling as a package for resort-development.

This includes :

- The land (15 acres) which is beachfront and riverfront, and is one hour by car from Savusavu on the island of Vanua Levu. We have worked a lot on the land, planted a lot of fruit trees and vegetables and cleared it. Significant work has been done with heavy machinery on the land. There is an access to water which comes to the house. The land has been rezoned recently in "special use tourism", so it's very easy to start a business.
- The house which is furnished, with table, chairs, sofa, beds, mattresses, hammocks, washing machine, cooking stove and oven, and a 2KW Generator for electricity. (there is no current electricity)
- The toolshed with some tools like a chainsaw, brushcutter.
- 39 H2 treated pine poles from various sizes from 5 to 7 m long.
- Some plans that we have for the resort.
- The domain name veikau.com and veikaubeach.com .

The price is 500,000 NZ\$, negotiable.
